The minutes of July 12th, the last public session of the board, were read and approved.

Dr. Emerson presented a tabulated statement compiled from the Medical Cost Seven Americans Record, showing the number of cases of smallpox in what may be termed the present epidemic in the United States. The report showed a total of 198 cases from a large number of the States for a period of about three weeks. Only two deaths were noted. On the Pacific Coast eight cases were noted from Walia Walla, Washington, two from Oregon and none from Call-

Its Accounts Contrasted With Those of the Malulani Hospital-Pruning Knife to be Used.

(From Thursday's Daily.)

The report of Elsa V, Grubb, super intendent of the Hilo hospital, read at day, shows that institution to be rather an-expensive luxury. On July 31 there were 5 inmates. During the month 7 patients had been admitted, discharged and 1 died. Divided as

Of the 13 cases treated 4 were nonpaying, 7 ward-paying and 2 private paying. Three were under the care of the regular staff, 7 under the care of Dr. Grace of the honorary staff and 3 under the care of Dr. Rice.

The amount of money received from the paying patients was \$155, while the expenses of the institution for the month, including pay-rolls, amounted to \$779.99, of which \$199.24 only was for supplies.

In answer to questions put at the meeting yesterday, Dr. Moore acknowlceived from paying patients about paid their expenses. It appears, therefore, \$153 each per month.

After discussing these figures the board yesterday instructed its secretary to write to the superintendent of the hospital that its expenses must be cut down to at least \$100 per month for the remaining five months of the biennial period, this sum to include

extra pay-rolls. When the Hilo hospital was pro jected and before it was built the citizens of that city were profuse in their promises to the Board of Health of what they would do towards its support. They would furnish the building throughout, \$50 a month was all they would ask from the Government, local contributions had been assured, and such like representations were made, not one of which has been fulfilled.

In this connection George W. Smith called the attention of the board to the What good does it do. They hire law- that had been said on the subject. It fact that the average monthly expenses

New Japan Regulation Relating to Bills of Health of Foreign Vessels Leaving Japan.

The following new items are extracted from Japanese exchanges up to and including July 29th, received by the steamship Chine yesterday:

NEW BILLS OF HEALTH.

YOKOHAMA, July 28.—The Department of Home Affairs has issued a notification with reference to bills of health. Every ship which leaves - Yokohama, Kobe, or Nagazaki, bound for a foreign port, must obtain a bill of health from the Medical Inspection Station, and must pay for it a fee of 5 yen. Governors of Prefectures are required to report at once to the Inspection Station the occurrence or disappearance of any contagious disease within the limits of their jurisdiction, and a clean bill of health shall not be granted in any district where a contagious disease has been thus reported as existing.

### MOUNT ROKKAKU.

ARIMA, July 24.-Dr. Shimomura having been sent to Arima to investigate the cause of the recent seismic much alarm and brought about an exodus of visitors from the famous resort, reports that, in his opinion, a hollow space has been formed underground at Rokko-zan, and the tremors are caused by land-slides gravitating to this depression. The learned seismatist sees no reason for any alarm. It is to be hoped that the result will justify his confidence.

W. N. ARMSTRONG, EDITOR.

FRIDAY......AUGUST 11, 1899.

HOW DO WE STAND?

The Advertiser has received several communications which discuss the exon the subject. The case however may be restated with advantage.

In the discussions over the ratification of the treaty of Paris, the Democrats urged that the cession of Porto States would extend the Constitution by its own force to these new terzitories, and therefore all sorts of complications would follow. The Republicans, ducluding the President and his Cabinet and the leading men in the and no trouble could therefore arise expresses the change. from this source. The debate was interesting and exhaustive. Representative James R. Man of Illinois, in an dehorate discussion, cited the words need by Daniel Webster, who was regarded as the great Expounder of the Constitution by Northern men, in his argument in the case of Fleming vs. Page, which were: "Hence the part of the Constitution which directs that the duties must be equal in all the ports of the United States does not apply to Territories." And further: "Congress has full power over the subject (the government of the Territories) It may establish any such government and any such laws in the Territories as in its discretion it may see fit. It is, is as follows: of course, subject to the rules of justice and propriety, but it is under no Constitutional restraints."

If Hawaii must plead her own case before Congress, it would be unwise and dangerous to take the position which the Republicans, and the great Expounder deemed untenable, and which the Supreme Court has refused to take.

But Hawaii must stand on the sound proposition, that the cession of the Islands, together with the Newlands Resolution, contained a clear and well understood contract for the extension of the Constitution to Haweii, with the same force as the cession of Louisiana when that court has been Ways.

government of this Territory, the Democratic members of Congress must take the ground that the Constitution extends over Hawaii. They have so declared. When the Supreme Court was asked to declare that the Constitution extended, of its own force over the Territory of Utah, it said that might be a guarter of dispute (166 U.S. R. 464) but that it was quite sufficient to say that Congress had expressly extended it by the Act of 1850.

## A SOFT ANTI-EXPANSIONIST.

Gen. Funsion, the hero of the Philippine war, up to this date, in an interview with Mr. Wildman, the American Consul-General in Hongkong, said: "Strange as it may seem, I am almost a 'peace-at-any price,' man. I am a Republican, but I am an anti-expansionist, though not a bitter one." He is in favor of subduing the rebels, and in making the Filipinos our friends. But he sees no trade advantages in acquiring the Islands. If Gen. Funston does not want the Islands, why should other Americans want them, unless they are more ignorant than he is about their value?

The probabilities are that Congress will within a few months extend the Constitution to these Islands, as it has extended it by law to other Territories, but if there is good reason for believing that the Supreme Court will anticipate the usual action of Congress in such cases, the effort should be made promptly to obtain its opinion.

The probabilities are, for there is no certainty in predicting the views of a court, that the Supreme Court will decline to take jurisdiction of the matter take original jurisdiction is limited by Constitution, Daniel Webster, it will Territory. ## YOKOHAMA CRIME

The Suspect Miller Held For Trial.

Results of investigation by Japanse Police Show Clear Case Agains: the American.

Robert Miller, the American accused of having perpetrated the horrible triple murder in Yokohama recently, has had his preliminary examination in a Japanese court and has been committed for trial on the charge of wilful murder. From the statement of the judge who conducted the preliminary examination, the following facts are taken by the Japan Mail. Robert are taken by the Japan Mail. Robert Miller, an American citizen 49 years of age, served as an able-bodied seaman on the American ship Tam-o'-Shanter, where he gained a very bad character for violence and brutality. On April 27 he deserted from the ship in Yokohama harbor and thenceforth became a loafer in that place. He had a sum of 44 yen when he deserted, and he spent part of the money at a drink- French View of the Sugar Producing saloon and lodging house kept by a Japanese woman, Tonooka Suye. ### ALLOWANCES.

Travel Pay and Commutation for Discharged Soldiers.

(Army and Navy Journal.)

The Secretary of War has made a number of decisions in regard to the allowances of enlisted men. An enlisted man traveling on duty under orders on a United States transport will not be allowed commutation of raitions for the time he is aboard. He will be quartered with the enlisted men and will mess with them. An enlisted man granted a furlough with permission to travel on a United States transport will be similarly quartered and messed. An enlisted man resident of the United States,

fer to another branch of the service, or on his own application or because of confinement by the civil authorities, or by punishment for an offense or misconduct, or on account of fraudplent enlistment, is prevented by law from being allowed the usual traveling allowances to the place of his original mustering in service, but he will be brought to the United States on a transport free of charge.
